COVID-19

Coronavirus disease 2019

#flattenthecurve #stayhome

It's been pretty quiet around the bowl 😊

Bruno has been in contact with and is following industry expert advice in regards to the lanes and machines.

Lanes have now been stripped—so it'll be like bowling in one of those amusement centres 😊

Bruno has been turning the machines on and running them every few days. Have you ever wondered about the different sounds of money? I stand in the bowl with no sales and hear it. Each of the 16 lanes have their own sounds. All 16 are rather amazing in their own right and with their individual faults. Remember to be kind to them when you return.

Over the coming weeks we will have the opportunity to focus on the alley's short term future without the pressure of running the day-to-day business. We look forward to working on the business instead of in it!
